# MOROCCAN CLAY

**Moroccan Clay** is an eco-friendly natural clay plaster that produces a matte mottled finish on almost any interior surface.

Formulated with real clay for an **effortless application designers and DIYers love**, with the added benefit of a truly natural, durable, and breathable finish that lasts.

The **ultimate authentic clay**, it is the perfect blend of ease, elegance, and authenticity.

**Moroccan Clay** comes in 88 curated colors and can also be custom-tinted to match to any color.

# LIME WASH

**Lime Wash** is a unique, slaked limestone-based mineral paint that creates a beautiful, weathered finish on almost any surface. **DIY-friendly and natural**, Lime Wash is applied in a simple two-coat process over Meoded Lime Wash Base Coat on drywall. Using a cross-hatch brushstroke technique, this paint creates elegant color variation and a beautifully mottled matte finish.

Beyond drywall, Lime Wash can also be applied to brick, stone, and stucco, adding character and depth to a variety of surfaces.

**Meoded Lime Wash** is offered in 88 curated colors and can also be custom-tinted to match to any color. No dilution needed.
